

Thank You Educators - Transcript

Thank you so much for taking the programme with me. If you enjoyed the programme you know that it is free and it will continue to be free. Copies of the script and soundtrack are available on the website if that's how you'd like to support it that way. The best thing you could do is word of mouth. If you tell other teachers that this resource is available to them that is the best way to share 'The Spark Education Programme' far and wide. If you want to send me any of your students work please do so to sparkeducationprogramme@gmail.com. I'd be delighted to read anything that your students have written. One of the sad things about this being a digital programme is that I don't get to see the journeys that the students go on so I'd love to see what your students come up with. Also, you can follow our social media channels links to which are on the website and if you have anything to share in terms of writing or video performances from yourself or your students and would like to share them on our social medias please email them to us and we will get the relevant permissions before we do so. If you have any questions at all or feedback on the programme, if you have any notes on how you feel, as a teacher, this could be improved upon to help you in the classroom please do reach out to the email address and let me know it'd be very great to hear from you, your feedback would be invaluable.

WISHING YOU AND YOUR STUDENTS HAPPY WRITING
